

Experimental Psychology

The Department of Psychology at the University of North Texas (UNT) invites applications for a faculty position as Assistant, Associate or Full Professor to create and maintain a vigorous program of research. While area of emphasis is open, preference will be given to candidates with a coherent and potentially externally fundable program of applied research, to reflect their expertise in any number of areas of Experimental Psychology (e.g. sensory/perceptual processes, statistics/experimental design, social, physiological, developmental, or cognitive psychology). Responsibilities include conducting a vigorous research program, teaching undergraduate and graduate courses, supervising graduate training in research, and serving on departmental committees.

The UNT Department of Psychology has over 1,200 undergraduate majors. We have four doctoral programs. An applied Experimental program and Counseling Psychology, Clinical Psychology, and Clinical Health & Behavioral Medicine programs APA-accredited. Our four doctoral programs are quite distinct, but function cooperatively to direct graduate education in the department. The department has 26 FTE faculty, with some choosing to belong to more than one program. Each of the accredited doctoral programs is affiliated with the departmental training clinic, providing a large number of clinicians and many opportunities for researchers. Review of applications begins October 1, 2011. Applications will be reviewed weekly until the search is closed.

Required qualifications include: Ph.D. in Psychology at the time of appointment and current engagement conducting high quality program of research in the area of Experimental Psychology.

Preferred qualifications include: record of receiving or applying for extramural funding, publications and professional presentations, evidence of teaching competence with undergraduate and/or graduate students, demonstrated interest in a variety of domains of functioning pertinent to Experimental Psychology, excellent written and oral communication skills, and research addressing or relevant to diversity. For complete qualifications, additional information and to apply visit: <https://facultyjobs.unt.edu>.

Inquiries can be made to Sheila Van Bree, Administrative Assistant, by phone (940) 565-2639 or e-mail Sheila.VanBree@unt.edu. UNT is a Class I-Doctorate Granting institution located in Denton, Texas about 40 miles north of both Dallas and Fort Worth. UNT Denton is the flagship research campus of the UNT-System, has over 36,000 students and over 7,700 graduate students. Both graduate and undergraduate students participate on faculty research teams. Substantial proportions of our majors and graduate students are from diverse ethnic backgrounds. Consequently, a commitment to diversity in all its forms is a plus.

The University of North Texas is an Equal Opportunity/Affirmative Action Employer institution committed to diversity in its employment and educational programs, thereby creating a welcoming environment for everyone.
